EXPERIENCES

Web Developer – Codecontrol Oy

Aug 2024 – Jan 2025

Web Developer internship where I designed application layouts in Figma and developed a full-stack web solution using React TypeScript for frontend and C# .NET for Web APIs.

React Typescript Tailwind CSS Material UI C# .Net Entity Framework PostgreSQL

Coding & Finnish Training Programme – BearIT Oy

Mar 2024 – Nov 2024

Worked in an Agile team to build an IoT Mitwatt application and an electricity price prediction model using Python.

Agile Figma JavaScript Python Pandas PostgreSQL Bitbucket AWS

ML & Data Analysis Intern – SAMK Pori

Aug 2023 – Jan 2024

Performed data analysis on a synthetic LIBS dataset and developed a neural network for identifying elements in metal samples.

Python Machine Learning Neural Networks Data Analysis

Web Developer – SoftEdge Nepal

Apr 2019 – Jan 2020

Developed web applications with ASP.NET and implemented CRUD functionalities across multiple modules.

C# .Net Entity Framework PostgreSQL

PROJECTS

Recibook [Demo](#)

Recipe discovery and personal cookbook app developed as a university project. Designed the application with Figma and developed using Next.js. Collaborated with the team following Agile methodology.

Next.js Typescript Tailwind CSS Material UI Jest Prisma ORM PostgreSQL Docker

Personal portfolio website [Code](#) [Demo](#)

A personal portfolio website to showcase projects, skills, and professional experience with an interactive and visually appealing frontend.

React JavaScript Tailwind CSS Material UI Firebase

Profile Craft [Demo](#)

A custom portfolio site developed for a client, designed with tailored UI/UX to reflect the client's branding while maintaining responsiveness and accessibility.

React JavaScript Tailwind CSS Material UI Firebase

Book Store [Code](#) [Demo](#)

A full-stack book store application that enables users to manage inventory, browse and search books, and perform CRUD operations efficiently.

React Node.js Tailwind CSS Material UI MongoDB Render

Kojh [Code](#)

A company directory web application that allows users to browse, search, and manage company profiles. Backend APIs and database are implemented using C# .NET and Entity Framework Core and PostgreSQL; next, the responsive frontend will be developed.

C# .Net Entity Framework PostgreSQL

Course Discussion Forum [Code](#)

An interactive discussion platform where users can create discussion threads, post messages, and navigate conversations while practicing modern full-stack development techniques.

Svelte Deno Hono Tailwind CSS Jest Playwright PostgreSQL Docker

EDUCATION

Bachelor's degree in Computer Science and Information Technology
Tribhuvan University, Nepal

2014 – 2019

2025 Autumn Courses on Software Engineering– Aalto University Open University
Aalto University, Finland

09-12.2025

- Web Software Development – [FiTech101 platform](#)
- Design of WWW Services D– University project-based course
- WWW Applications D – University project-based course

LANGUAGE SKILLS

- English Excellent
- Finnish Intermediate
- Hindi Excellent
- Nepali Mother tongue
